LETTER OF RECOMMENDATION

I am delighted to offer my highest recommendation for Ms. Rhea Joel Dcunha, who has served as an Associate Dentist at Braces & More under my guidance.

I have had the pleasure of working closely with Rhea for the past 2 years, during which she has consistently demonstrated exceptional skills, commitment, and professionalism in the field of dentistry. Her unwavering commitment to providing outstanding patient care, coupled with a strong academic background, makes her an outstanding candidate for your esteemed program. She has shown a remarkable ability to handle a diverse range of dental cases with precision and care. She possesses excellent diagnostic skills, technical proficiency, and a comprehensive understanding of various dental procedures. Her commitment to staying updated with the latest advancements in the field is commendable and reflects dedication to continuous professional development.

One of Rhea's notable strengths is her exceptional chairside manner. She consistently establishes a positive rapport with patients, ensuring their comfort and understanding throughout the treatment process. This ability to communicate effectively and empathetically is crucial in building trust and fostering a positive patient experience. In addition to her clinical excellence, she has actively engaged in continuing education and professional development activities. She has attended workshops, seminars, and conferences, demonstrating a commitment to lifelong learning and a desire to stay at the forefront of advancements in her field.

Furthermore, Rhea is an excellent team player and collaborates seamlessly with other dental professionals and support staff. Her positive attitude, reliability, and adaptability contribute significantly to the overall efficiency and harmony within our dental practice. Her combination of clinical expertise, dedication to patient care, and continuous pursuit of knowledge will undoubtedly make her an asset to your academic community. I wholeheartedly recommend her and am confident that she will make significant contributions to the profession of public health.
